

181008396 ZM5101A Minor Modification of Substrate Solder Pads

Bulletin Issue Date: 10/8/2018

Effective Date: 10/8/2018

Description of Change

Silicon Labs is announcing a minor modification to the pads of ZM5101A module. The substrate's solder pads are modified from solder mask defined to non solder mask defined pads.

As of the effective date, Silicon Labs will continue to fulfill orders from existing and newly qualified substrates until existing substrates are depleted in the inventory.

Reason for Change

Increase clearance of component body and substrate to optimize mold flow

Product Identification

ZM5101A-CME3
ZM5101A-CME3R

This change is considered a minor change which does not affect form, fit, function, quality, or reliability. The information is being provided as a customer courtesy.

Please contact your local Silicon Labs sales representative with any questions about this notification. A list of Silicon Labs sales representatives may be found at <http://www.silabs.com>.

Customer Actions Needed:

No action required from customers on this minor modification.
